

Agenda for Week of: October 25, 2010

Classroom Character Theme

Scholarship → Homework completion

Focus Questions

- 1) Is the metric system really a lot easier to use than the English system?!? How?
- 2) Who decided the mass of a kilogram, anyway?

Date	Objectives	Vocabulary	Homework
Monday 10/25	Solve word problems about metric unit conversions Correct your own errors on the HW.	Preclass: <u>Copy "Word Wall" Words</u>	Worksheet: Practice problems for Significant Figures
Tues, 10/26	Clickers! Review for Benchmark Exam		Invent & answer 3 NEW, good Benchmark Test questions
Weds, 10/27	Benchmark Exam (This will be a test grade – curved!)		None!
Thurs, 10/28	Benchmark Make-up & Measurement Pre-Lab		Complete the Pre-lab portion of the lab. (You will not be able to begin the lab until this is completed correctly)
Friday, 10/29	Measurement Lab – Part II		Measure something at home. Write a short paragraph describing the situation, record the tool you used, the type of measurement it was, and the unit of measurement you used.

ANNOUNCEMENTS & REMINDERS

- 1) Remember to bring your calculator to class every day!
- 2) You are to enter class *quietly* and immediately begin working in your "Pre-class" assignment. Sometimes these will count as quizzes, and they are always important information!
- 3) When you finish your Pre-class, you should immediately write down your HW assignment from the board into your agenda.
- 4) Organize your **binder** and bring it to class **every day**. Organization is critical for your success in my class and is EASY if you keep up with it every day.
 - a. Binder checks will be next week!
